[illegible]

The second exercise is a 12-measure piece. It begins with a B-flat major chord (Bb, D, F) and an F major chord (F, A, C) indicated by letters in boxes above the staff. The melody starts on F4, moves to G4, then A4, and is followed by a descending line: G4, F4, E4, D4, C4, B3, A3, G3, F3, E3, D3, C3. The bass line starts on D3, moves to C3, then B2, and is followed by an ascending line: A2, G2, F2, E2, D2, C2, B1, A1, G1, F1, E1, D1.

F **B $\flat$** **F**

THE ABC's OF

The Melody (Right Hand)

The melody appears as large lettered notes. The letter name corresponds to a key on your keyboard.

Sharps and Flats

In LETTER MUSIC a **sharp** (#) tells you to play the very next key to the right and a **flat** (b) tells you to play the very next key to the left. These are black keys. Notes without a **sharp** (#) or **flat** (b) are white keys.

Ties

A **tie** is a curved line connecting notes on the same line or in the same space. It indicates the first note is struck and then held for the total time value of the tied notes. Only notes with a letter inside are struck.

The Accompaniment (Left Hand)

The accompaniment consists of chords. All the major and minor chords you need to play appear inside a box. Optional seventh (7) chords appear outside the box.

N.C. tells you "No Chord" is played — just the right-hand melody.

Generally, there are three ways to play chords: One finger, traditional, and three-note Easy-Play chords. Your owner's guide can help you decide

C

G⁷

Cm

Gm⁷

which methods your keyboard is capable of. Be sure to try them all.

MUSIC BASICS

The Staff, Measures and Bar Lines

The **staff** consists of five lines and four spaces and each is named with one of the letters A through G. Any note that appears on one of the lines or in one of the spaces is called by that letter-name.

The S-shaped symbol at the beginning of the staff is called the **treble clef** and tells you all the notes that follow are to be played by your right hand.

The staff is divided into equal sections by using vertical lines called **bar lines**. The sections between the bar lines are called **measures**.

Time Values

In music, time is measured in **beats**. The illustration shows the types of notes you'll play and how many beats each type gets.

Rests are shown in the lower part of the illustration, along with the number of beats each type gets. A rest indicates a period of silence, when you don't play — they still must be counted, however.

Time Signature

The two numbers at the beginning of a song are known as the **time signature**. The top number indicates the number of beats in each measure. The bottom number 4 tells you each quarter note (♩) receives one beat.

Repeat Signs and Double Endings

These tell you to play certain parts of a song more than once.

Play once through to sign
Go back to other sign or beginning of song
And play a second time.

If more music — keep going.

Sometimes a repeated song, or part of a song, has two different endings. In these cases, **double endings** are used.

Play first time using first ending.
Go back to other sign or beginning,
Play second time —

(skip first ending)

play second ending.
If more music — keep going.

MASTER CHORD CHART

	MAJOR (chord letter only)	MINOR (m)	SEVENTH (7)	MINOR SEVENTH (m7)
